### Did you know this about Baker West?

The BWNA used to sponsor a Fourth of July neighborhood celebration. It featured professional entertainers for children, BBQ'd hamburgers, veggie burgers, and hot dogs with all the trimmings and cold drinks were sold at an affordable price as a fundraiser. We used grant funds to pay for this.

A snow cone machine was donated by a local organization which provided a refreshing treat. Games were set up for children to play. Neighbors made desserts and donated them as part of a dessert contest - with the winner getting a prize.

All of this happened for a lot of really good reasons! First, our site was half of Harmony Way, one of our streets in the neighborhood. Next a lot of really dedicated neighbors stepped up to help with planning, buying supplies and food, building and manning these events.

The celebration attracted over a hundred neighbors every year to come together, get to know each other and enjoy the day!

## Parcel Tax - Measure G

Moreland School District (MSD) has been a caring learning environment for students, parents, staff, and community members since 1851. Moreland serves Preschool through 8th grade students across three cities in Santa Clara County. Our teachers educate approximately 4,000 students in four elementary schools, two TK-8 schools and one middle school. MSD students are celebrated for their uniqueness and the talents they contribute to our community. Exceptional teachers, small class sizes, challenging instructional programs, dedicated parent volunteers, and outstanding science and art curricula have prepared generations of local children to succeed in high school, college, and careers. MSD's goal is to continue that proud tradition. However, due to years of State budget cuts and the expiration of the existing community supported parcel tax, the District is assessing the instruction and academic programs to determine whether to renew and increase the existing parcel tax through Measure G.
